This chain of hotels speaks of a regal inheritance that has painstakingly been transformed to retain its original magnificence. Every curve and arch, every fresco and façade here is a design lover's dream, reminding you of far more regal times.

Shahpura Hotels' stunning properties are skillfully managed by Maharaj Surendra Singh ji who comes from the Shahpura royal family. Each of the three properties—Shahpura Haveli, Shahpura House and Shahpura Kumbhal Villas—boasts of an old-world charm that fuses age-old elegance with contemporary comforts including elaborate chandeliers and detailed frescoes. Shahpura is also aiming at improving the ecological and carbon footprint by adopting eco-friendly Indian practices.

Speaking of Shahpura Haveli, this iconic structure has been composed in the ancient architectural styles of Rajasthan, right from its mosaic walls to its intricately ornamented pillars. Shahpura House on the other hand, was the residence of Shahpura royalty. It also houses an elegant Durbar Hall. Apart from beautiful old Shekhawati style carvings, the Durbar Hall glistens with gold all over the ceiling and walls, making for a sight to behold.

An inherently regal vibe, a breathtaking mix of Mughal and Indian architecture and the most flawless hospitality are what come together to make Shahpura Hotels an ideal choice for your next vacation.
